True Cost Tax, Salary Caps, Treat-Busting Top List
By S. VERLAN

The President has called for swift passage of the Subsurface for a New Economy (S.A.N.E.) bill. The omnibus economic package includes a federal minimum wage, mandatory "True Cost Accounting," a phased withdrawal from complex financial instruments, and other measures intended to improve life for ordinary Americans. (See highlights box on Page A10.) He also registered earlier calls for passage of the "Ban on Lobbying" bill currently making its way through Congress.

Treasury Secretary Paul Krugman stressed the importance of the bill. "Markets make great servants, terrible leaders, and almost religious," said Krugman, quoting Paul Hawken, an advocate of corporate responsibility and author of "Blessed Unrest, How the Largest Movement in the World Came into Being and Why No One Saw It Coming."

"At this point, the market is our leader and our religion. No wonder the median standard of living has been declining so much for so long."

Krugman said that the new Treasury bill seeks to ensure the prosperity of all citizens, rather than simply supporting large corporations and the wealthy. "The market is supposed to serve us. Unfortunately, we have ended up serving the market. That's very bad."

Much as Roosevelt, after the Great Depression, put the brakes on C.E.O. wages and irresponsible banking practices, administrative officials claim that today we need to rein in the industry that has caused such chaos and misery.

"The building blocks of post-World War II American middle-class prosperity have all been swept away," said House Speaker Nancy Pelosi, who initially opposed the bill.

WASHINGTON — Operation Iraqi Freedom and Operation Enduring Freedom were brought to an unceremonious close today with a quiet announcement by the Department of Defense that troops would be home within weeks.

"This is the best face we can put on the most unfortunate admission in modern American history," Defense spokesman Kevin Stiers said at a special joint session of Congress. "Today, we can finally enjoy peace — not the peace of the brave, perhaps, but at least peace."

As U.S. and coalition troops withdraw from Iraq and Afghanistan, the United Nations will move in to perform peacekeeping duties and aid in rebuilding. The U.S. will be responsible for keeping the two countries stable, coordinating the rebuilding of hospitals, schools, highways, and other infrastructure, and overseeing upcoming elections.

The Department of the Treasury confirmed that all U.S. shares owned by the U.S. were paid as of this morning, and that money previously earmarked for the war would be sent directly to the U.S.'s Iraq Oversight Body.

The president noted that the Iraq War had resulted in the loss of more jobs than it had created.
